MEMORANDUM FOR: Director of Training

SUBJECT: Weekly Report #31: Defense Intelligence School (DIS)
1 November - 12 November 1965

B 1. Walter Elder has informed me that DCI will be agreeable to making a closing address for a future Attaché and Strategic Intelligence graduating class. However, DCI will not be available for the 17 December graduation of the present groups. I have also informed DIS officials that DTR will not be able to accept the invitation to talk to the graduates of the Advanced Intelligence class on 10 December.

25X1 2. [] and his faculty are being called upon quite
25X1 heavily by the Defense Intelligence School. [] appeared before the
25X1 AIC on 4 November, and he was joined by [] for 5 November
25X1 presentations to the same class. On 29 November, [] and
25X1 [] will speak before the large Defense Intelligence class, as
B will [] on the day following. Two days after, the latter
two will talk to the Strategic Intelligence class (reported to number
approximately 70 students) along with the Attaché class and wives. The
unusual accomplishment which adds to presentations by SIC faculty members
is their ability to interlace current developments. As many times as I
25X1 have now heard [] speak, I have never detected a "canned"
presentation.

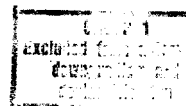

25X1 3. In lieu of [] who has regularly covered the KGB
25X1 and GRU topics, [] talked to the DIC for two two-hour sessions
25X1 on the Soviet Intelligence Services. [] was good and he provoked so
much interest that I asked for a show of hands from questioners during
the four hours of his presentation. About 60 of the 94 students indi-
cated that they had asked one or more questions.

B 4. The Attaché students expressed genuine appreciation for the
program arranged for them at Headquarters on 9 November. Attaché faculty
members suggested that nothing be modified for the next class. Bill
25X1 [] of OCR, were thanked for their fine support.
A copy of the program is attached.

25X1 5. [] was really excited about the caliber of CIA
25X1 students for the two-day HELPFUL sessions. Somewhat disappointingly,

25X1 JCS came in with 15 requests which limit CIA chances for getting many
25X1 additional spaces in the limited area set aside for the group at DIS.
Because I'll be absent next week with one section of AIC students
visiting LANTCOM (and [redacted] will be accompanying
the other sections to different U & S commands), [redacted] plans to be
on hand for the HELPFUL exercise. DIS has not made much effort to take
care of VIP parking, so I've released my reserved space for [redacted]
[redacted] benefit and [redacted] is making his space available for [redacted]
[redacted] convenience.

25X1 6. The Intelligence Review class, with surprisingly few exceptions,
wholeheartedly participated in the conference sessions which I was
responsible for on Wednesday, 10 November. The conferences turned out
better than I would have predicted, because this group did not have the
25X1 clear-cut motivational factor that Senior Officer candidates naturally
have. I wish that I could have gotten my first glimpse of Admiral
Raborn; but the training film exercise conflicted with the opportunity
for that afternoon.

25X1 7. [redacted] was a fellow juror on 12 November.
